Project for 2026-2028: Involvement in Your Community

Theme for 2026-2028: Reconnect & Rediscover

Hi Everyone

It's great to see the sun out, when it does come out it warms everything, I am like a bear in winter I hibernate, I even cleaned my pantry out and changed it all around, what a job but it looks so good and I can find things now, and I know what to buy when we run out.

We had a few days in Te Anau, it was so cold but it was a picture with the snow, we took our bikes with us and we braved it twice for a ride. I had my big scarf and I wrapped that around my head then around my neck, Alan said I look foolish how rude, I didn't care I was warm. I just love biking around Te Anau not much traffic and our friends and family are all in biking distance.

I am looking forward to go to Hokonui fashions this Saturday, my niece has entered again and she has made a recycling garment, Aleisha works at Glowing Sky and has kept all the pieces of fabric that they throw out and has made a garment out of this, finger crossed she gets a place. Aleisha has entered twice and got a second and a third but in a different category.

Keep warm Christine
